## CAREER OBJECTIVES

To utilize my expertise in software design and development to create solutions that meet the clients' specifications, drive innovation, and continuously enhancing my professional experience.

## EDUCATION

**Our Lady of Fatima University**                                        *2021 – Present*
Bachelor of Science in Computer Science
Greater Lagro, Quezon City

## PROJECTS

**Advertisement Website** *(mc-power-enterprises.vercel.app)*
*September 2023 – May 2024*

- Designed and developed the front-end interface for MC Power Enterprises, enabling customer inquiries, pre-orders, and admin features like analytics, content, staff management, and API integrations for dynamic data handling.

**Dagitab** *(dagitab.vercel.app)*
*February 2024 – November 2024*

- Designed and developed the front-end interface for the thesis project, incorporating API integrations for seamless data exchange and ensuring an intuitive, responsive webapp.

## ORGANIZATIONS

**Junior Philippine Computer Society (JPCS) | Our Lady of Fatima University - Quezon City**
- Multimedia (2024 – Present)
